ALHASSANE TRAORE

Research Associate in Islamic Finance, Islamic Banking & Digital Islamic Finance

Graduate of Islamic University of Minnesota — Master’s degree, 2026

Summary

Research Associate specializing in Islamic Finance, Islamic Banking, and Digital Islamic Finance, with an academic background in Economics and Islamic Finance and practical experience in Islamic microfinance operations. His research interests include financial inclusion, FinTech, financial analysis, Shariah-compliant finance, and economic development.

Work Experience

Islamic Finance Research Associate 2025–2026

Usmani’s Financial Consultancy
Conducted research on Shariah-compliant financial instruments and advisory frameworks, analyzed financial data, and contributed to structured research reports. Supported the evaluation of financial products in line with Islamic principles, compiled research materials, summarized key findings, and collaborated with team members to ensure clarity and accuracy of research outputs.

Intern – Microfinance Operations 2023–2023

Halal.sa – Islamic Microfinance Institution
Assisted with client account opening, daily transactions, credit applications, and financing requests. Gained practical experience in Islamic microfinance operations, credit analysis, and financial and operational reporting.

Temporary Accounting Secretary 2023–2023

École Franco-Arabe Nour El Houda
Managed overtime payments and administrative documents, organized student lists and school records, and taught introductory economics courses to students.

Communications Officer 2025–Present

Association Malienne pour l’Émergence de la Finance Islamique (AMEFI)
Contribute to AMEFI’s institutional communication and outreach activities, including the preparation and dissemination of professional and media content, coordination of Islamic finance events and webinars, digital communication, and engagement with the Islamic finance community.
