OSAMAH ABDULRAHMAN ABDULRAHMAN AL-AHDAL

Technical Expert & Computer Engineer

Graduate of Islamic University of Minnesota — Doctorate (PhD), 2026

Summary

Holding a Ph.D. in Islamic Jurisprudence (Fiqh & Usul al-Fiqh) and serving as a Computer Engineer, I possess over 17 years of practical experience in computer engineering and technology. I bridge the gap between Islamic sciences and applied tech, currently working as a Computer Systems Technical Officer alongside my academic and educational background as an Islamic Studies Educator and Usul Scholar. I aim to leverage this unique blend of technology and Sharia knowledge to deliver distinguished development and research solutions.

Work Experience

Computer Engineer

2007–2023

Alhamrani Universal Company

Brings 17 years of practical experience at Al-Hamrani Universal as a Banking POS & Mada Systems Engineer, during which he also led technical teams. Specialized in the installation, maintenance, and technical support of banking systems, ensuring continuous operation and high operational efficiency for financial networks.

Teacher

2004–2006

Al-Ma'rifa Private Intermediate School

I have two years of teaching experience at Al-Ma'rifah Private Middle School in Makkah as an Islamic Studies Teacher, specializing in delivering Sharia curricula, fostering students' educational skills, and promoting Islamic values using modern instructional methods.

Teacher

2006–2008

Al-Ikhlas Private Secondary Schools

I have a year and a half of teaching experience at Al-Ikhlas Private Secondary School in Jeddah as an Islamic Studies Teacher, specializing in delivering Sharia sciences for high school students, providing intellectual and educational guidance, and applying modern curricula to deepen the understanding of Islamic values and principles.

Computer Systems Technical Officer

2023–Present

Alamuna Arqa Establishment

I currently work as a Computer Systems Technical Officer, specializing in managing and developing system infrastructure, providing advanced technical support, and ensuring operational continuity and efficiency for the organization's technical systems.
