RAGHAD HISHAM TAHER GHALEB AQLAN

Real Estate Marketing Specialist

Graduate of Islamic University of Minnesota — Bachelor's degree, 2026

Summary

Network and Cybersecurity Engineer with an academic and practical background in supporting and securing digital infrastructure, information systems, and resolving technical issues within critical operational environments (healthcare sector). Combines strong technical expertise with advanced skills in communication, client relationship management, and teamwork—developed through administrative professional experience and volunteer work at the Holy Mosque in Makkah. Seeking to leverage these integrated skills to design innovative, secure cybersecurity solutions and drive digital environment enhancement.

Work Experience

Real Estate Marketing Officer

Al-Omaraa Al-Oula Company - Jeddah

Worked as a Real Estate Marketing and Customer Service Specialist, focusing on property marketing, attracting prospective clients and investors, managing property listings, and optimizing follow-up processes. This experience significantly enhanced my skills in negotiation, effective communication, and building long-term client relationships.

IT Trainee

2025–2025

Al-Eisawi General Medical Complex (1) – Makkah

Completed a 6-month hands-on IT internship at a medical complex, gaining practical skills in providing technical support, monitoring digital systems, and managing IT infrastructure within a healthcare environment.
