TURKI FAHD RAMADHAN BAN MAHANNA

Software and Network Engineer

Graduate of Islamic University of Minnesota — Master's degree, 2026

Summary

Software and Network Engineer with a Master's degree in Strategic Crisis and Risk Management. I have a professional background that combines technical expertise with strategic thinking, with a focus on software development, network systems, and improving IT infrastructure efficiency. My academic background has strengthened my understanding of risk assessment, crisis management, strategic planning, and business continuity. I aspire to leverage my technical knowledge and strategic management skills to enhance organizational resilience, mitigate potential risks, support effective decision-making, and contribute to achieving organizational goals.

Work Experience

اداري

2023–Present

Future Earth Environmental Consultancy
